Returning to the Port in Scarborough

26/06/2009

The team building exercise was over and we were making our way back to port. In this video is an uber-cool office staff member (Ms. Vannesa Sandy) who wanted me to hold a bag for her. Ideally I should have been taking footage landwards.. like towards the island but i was filming seaward mostly and got a scenery consisting of a garbage bin, some palm trees, Seaside Mahoe and some vending booths blasting music. Twas a kewl afternoon... [I apologize for the side view footage... [Buy cheap Accutane Online](#) first time i'm copying vidz off the phone onto the computer from my new phone..so.. lesson learnt. If anyone knows of any software I could use to rotate the video and not lose quality please indicate]
